

# Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation .....

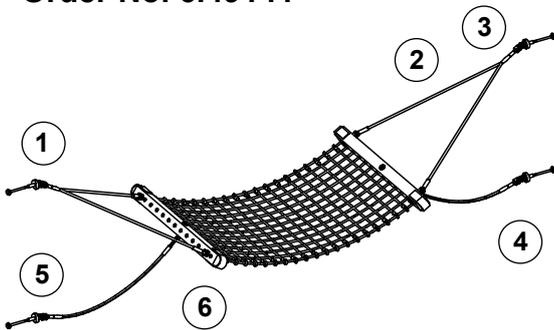

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- the location
- the usage
- the frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

**Hammock red**  
for Rope Course  
Order No. 6.49141

## Hammock

1. Check connection to the concrete column and retighten if necessary.
2. Check plastic sleeves of rope and net elements for wear and tear; replace any elements whose inner steel strands are damaged.
3. Check the connections of rope and net elements for damage and ensure they are tight, retighten if necessary.

## Wooden parts

4. Check for rot and, if necessary, smooth out splinters and round off sharp edges and cracks.
5. Check all bolts and screws are tight and retighten if necessary.

## Rubber bumpers

6. Check rubber plates for wear and tear and ensure they are tight, replace them if necessary.

**Attention:**  
Strictly adhere to the maintenance intervals!
