

Play value

The big seating surface of the islands invites guests to stay a while. Several people can sit on it at the same time. As a special feature, the two or three backrests can be tilted in two different directions. This allows you to change your perspective during a break and take your time watching the action outside. The seat height is comfortable for adults and easy to climb for children of all ages.

Order No. 7.83150 Island Seat 01

Order No. 7.83150 Island Seat 01

Order No. 7.83150 Island Seat 01 with 3 movable backs
