## Play value

The Triangular Podium is an interesting combination element for play centres. Its unusual shape and the inclined support posts contribute to the outstanding appearance.

## Fundamental characteristics

- Sturdy wooden construction with natural posts

## Recommended for

- School children
- Supervised play areas, such as schools, after-school programmes or similar
- Public play areas without supervision, such as playgrounds, parks or similar

Big Triangular Podium

## Technical information

Equipment made of non-impregnated mountain larch

## Peeled white

Palisades peeled white means that bark, cambium and sapwood are removed, the natural shape of the trunk is
 preserved and can be experienced

## Core-free

Sawn-timbers core-free, thus decreasing occurrences of cracking and undesired changes in shape

## Tongue and groove

Tongue and groove planks made of 4 cm solid wood, highly resilient, no trickling of dust / sand, protection
 against direct rain

## Ground anchor

All parts used for anchoring to the ground are made of hot-dip galvanised steel or stainless steel

For more detailed explanation of the quality characteristics see price list.
